2023 INTERNATIONAL SPACETECH STARTUP

Supporting Program

21st March'2023, Bangalore

TAcc+ 2023 International **SPACETECH STARTUPS** **SUPPORT PROGRAM**

Given the rapid development in India's space sector in the recent years and the country's renewed vision to leverage the role of private sector in end-to-end space programs, brings great opportunities for the space start-up ecosystem. India's deep-tech space start-up ecosystem is making their mark in terms of technological advancement and innovation, with ISRO and IN-SPACe handholding private sector.

The objective of International Spacetech Start-ups Support Program is to enable Indian space startups to showcase their capabilities and engage with the space sector stakeholders in Taiwan for leveraging synergies and exploring opportunities for collaboration. This is a opportunity to understand the program and meet with ITRI officials and other stakeholders in the Taiwanese and India space sector.
