INVESTMENT

IMPACT

A first-of-its-kind regional initiative connecting India's rapidly expanding space sector with one of its most promising strategic and economic frontiers.

The Northeast India Space Workshop 2026 marks SIA-India's first major regional initiative, reflecting its long-term commitment to strengthening regional space ecosystems and ensuring that India's future space growth draws on the strengths and opportunities across the country.

As India's gateway to the Indo-Pacific, Northeast India is witnessing unprecedented momentum in connectivity, infrastructure and technology-led development. Together with India's rapidly expanding space economy, the region presents a unique opportunity to unlock new markets, foster innovation and entrepreneurship, and build strategic partnerships.

Organised in partnership with the **North Eastern Space Applications Centre (NESAC)**, the workshop will convene policymakers, government agencies, defence and strategic institutions, industry, academia, startups, investors and international partners to foster collaboration, partnerships and actionable outcomes for Northeast India's growing space ecosystem.

WHY THIS WORKSHOP MATTERS

- SIA-India's first major regional initiative focused on strengthening Northeast India's space ecosystem.
 - An action-oriented platform for collaboration among government, industry, academia, defence and international partners.
 - A catalyst for technology adoption, innovation, investment and entrepreneurship.
 - A platform to accelerate Northeast India's contribution to India's expanding space economy.
- 

WHY PARTNER WITH US?

- **Build visibility** among senior policymakers, industry leaders and strategic stakeholders.

- **Showcase your capabilities** to government agencies, industry and prospective customers.

- **Explore new markets, partnerships** and business opportunities.

- **Contribute to shaping** Northeast India's long-term space ecosystem.
